Our Christmas card to Star was just returned to us. Someone wrote deceased on the envelope. I couldn't believe it. What a sweet lady. We exchanged Christmas cards and updates every year. We went to high school together and lived in the same town. I know Kathi too. We are so sorry to hear of Star's passing. And Kathi, so sad that you no longer have your sister with you. I can still see the two of you getting off the school bus. Also coming into to our store on Front Street. We are shocked and saddened by this news. Star was so young to leave us. But, God's plan, not ours. Rest in peace. 🙏

Star was such a special person. We shared Eastern Airlines and American Airlines together. She was well known with the flight attendants because of her smile, friendliness and bubbly personality. She was always willing to volunteer or help whatever and whenever it was needed. We were also breast cancer "sisters!" Sharing stories and seeing how each other was doing. She will be deeply missed by anyone she touched. She has angels wings now. We love you, Star.

Flying with Star at EAL was always a delight. She was such a joy and one of the most generous and giving individuals I have known. The joy continued with American... it was a coming home moment after several years. She lit a light and no matter where the second and third lives took us, we continue to get together to this day.

Star was the most gentle, loving and charitable person I have ever known. I met Star before I started flying for Eastern. She was one that encouraged me to apply. We shared many fond memories..all girl trips to the keys, lunches, tennis and so much more. When she moved she was greatly missed. She loved volunteering with the Veterans groups and enjoyed conversations with my husband about flying. I will miss that beautiful smile but know she is flying with the angels. Rest in peace dear friend.

Star was incredibly special. We met while flying with Eastern. Twice I accepted her invite to visit her at The Villages. We shared many get togethers before she moved away from Miami and bless her for the times she took me to my rehab appointments after shattering my kneecap. She and I chuckled how often friends/acquaintances would mix our names up since we both had unusual names. Star's name was the perfect fit and her bright light will forever shine.🌟 Spring Strong

Star, what a perfect name for a wonderful lady with a beautiful smile that would light up a room and a huge heart. I will always remember your trips to Gettysburg, meals at Kathi's when I came to FL for a visit and the time that I volunteered with you on one of your many favorite projects, filling shoe boxes for the troops. You are now in a much better home with God with no more pain. May you rest in peace and be a special angel watching over your family and friends. Barb Mowery
