Angels fly higher than eagles,Some eagles fly higher than most of the flock.These eagles are distinguished by the certain,distinct behavior.They set the bar for free flight and encourage the flock to do the same.They encourage other eagles to attain to higher heights and stronger efforts.Edward Allen glided like eagles soar, consistant and rarely low.Eagle or Angel...Ed was and continues to be a mentor to me. His memory lives on.##imported-begin##John C. Jorif##imported-end##
