I didn't know you personally but I saw the post about the dog on Fb n I contacted you n told you to keep the dog as it shouldn't of been running in the street to begin with and we started messaging each other and you sent me pictures of the dog on a regular basis and we chatted and last August you stopped answering me and I've been messaging you for months and months and I couldn't figure out why you weren't answering me back so I contacted a mutual friend and he told me you had passed away and it shocked me so I decided to go on your information and found your stepmom Which I read in the obituary Just now And contacted her and found out the little dog passed in the truck with you and my heart feels totally broken for you both and your entire family. I am so sorry and I hope you're resting peacefully and I do miss your messages and your pictures and I'll be thinking about you. Very saddened

She was a burst of energy. I loved watching her and her Dad fishing and cleaning the fish, the faces she made was priceless.
