Following his service, Justin earned an associate degree in Accounting and went on to work at the Rocky Flats Nuclear Weapons Plant for 18 years. There, he ran the print shop, managed all printers across the facility, and oversaw the printer and copier program, leading a small team with diligence and integrity.

Justin lived in South Bend until 1981, when he and his family relocated to Arvada, Colorado. In 2019, he and Donna moved to Leesburg, Florida, where he enjoyed retirement surrounded by family, sunshine, and the simple pleasures he loved most.

Justin found joy in birding, fishing, gardening, woodworking, drawing, and painting. He loved cooking and baking for others and took pride in sharing what he made. Above all, he loved telling
