“ My husband and I were transferred to manage the community where Ann lived. She was one of the first to welcome us to the community. She was such a delight. Never ever had a problem with her and loved driving by her home where almost every day you would find her working in her yard. The cutest part of that was she always sat on the ground and scooted around her flower beds. She was so content when she was doing that. It has been almost 15 years ago but when we would return to the community to visit my Mother or sister, she would always stop and talk to us. What a dear dear person she was and just wanted to share this with you. In all that time I did not know until I read of her passing that she and I share the same birthdate. I read somewhere that women born in December are brighter and very special. And that she was.

Our sympathy to the family for their loss

“ Ann and I have been neighbors for many years and friends from the beginning. Almost the same age, we had so much in common. She always knew that if she needed me I would be there and I knew if I needed her she would be there. My sympathies are with the family in your loss and she will be a memory of mine for years to come. Thought and prayers are with you at this time.
