“ Dad, We will always keep you in our hearts and memories.
I will cherish all the time I helped take care of you and the special conversations we have had. You are finally home with Mom, the love of your life. I am sure she was there to greet you along with Chet, Mary, your Mom , Dad and your brother Bob. You are truly free of pain and at peace. Even though your final wishes are not being honored by two daughters, Andy and I will find a way to make sure there is a way to honor your final wishes in accordance with your last request that you planned nine years ago. We honor your life and your service to country in the United States Coast Guard. You have traveled far and near, raised 7 children, have 11 grandchildren and 13 great grandchildren. What an amazing life you have had. I am sure God will have you working in his gardens and fishing in his seas. Now you are truly home and are our angel to watch over us. So keep those angel wings on straight. All my love, Patty
