“ Jeromy I am so heartbroken U were on to your New Chapter . So proud to be your Aunt. U taught me many things, Tough Love was one. From the time u were born to the last Big Hug u gave me in June I have so many memories. I remember when u were 3 & had a screw driver & Grandma Linda's foot stool turned over 2 of the legs off & U said " I fix it" I knew that day u would always have Tools...& Boy do I know now How many tools. RIP ~ RIH and don't ever forget how much u were loved by so many. Until I see u again in the Spirit in Sky..I

“ Hey you! Been missing you these past couple days. Thinking about all the memories we have. Good ones and bad. Don't matter, I still have them; they will never be the random phone calls I will forever miss, or my favorite...finding out you were 10 minutes down the road from me when I moved down to Florida. That made me feel so much better about being down there alone. You are a wonderful friend Jeromy Steven; and I will miss you dearly. Spending days watching you work on your truck, hanging out with you and patti for days at a time or listening to the stories of the kids and watching your eyes light up when you spoke of them. I will forever cherish the memories we have made. Until I see you again darlin...to the moon and back

“ Jeromy I want you to know how proud I am of you, I have told you that many times I wasn't sure you believed. Everytime I talked to you I told you I loved you and I will continue to love you til it's my time to join you in heaven. I know you will be waiting for me and I can't wait to hug you again. I love and miss you with all my heart

“ Daddy, I miss you so much. You were the best dad in the universe, you along with some others might not agree but it's the truth. Just because you have made many mistakes in life doesn't change a thing. You had the biggest heart, you would do anything for me or any other person in our family or a friend. You were so generous, caring, kind, loving, and very thoughtful. You won't ever be forgotten, you'll be missed by everyone, and never be forgotten. Now you are up in heaven looking down on me, Braidon, and Xander like our guardian angle.

I love and miss you!
Your little Princess
